Dear Sir, Madam,

We are writing this letter to request your support of the 16th International Congress on Pediatric Pulmonology – CIPP XVI – to be held in Lisbon, Portugal, June 22-25, 2017.

We invite you to support this meeting by way of a display booth, support a scientific session, organization of satellite symposia or support of one of the Young Investigator prizes or the poster award, or the proceedings (published as a supplement of Pediatric Pulmonology / Wiley)...

Alternative option would be to support the participation of pediatric pulmonary physicians at all levels to attend this meeting, or having representatives from you own organization register and attend the meeting.

Please see the options outlined in the accompanying material.

In the 20 years of its activity, CIPP has emerged as the single most significant stand-alone international pediatric pulmonology conference, and our recent meetings were able to attract over 800 delegates from around the world (70 countries were presented at CIPP XV Naples). Together with its sister course (International Course on Pediatric Pulmonology – ICPP 13 The Course), it has become the leading platform of exchange of ideas, education, and cross-fertilization of pediatric pulmonologists worldwide.

Despite the attendance record, we remain dependant on industry sponsorship to be able to sustain our excellence. Starting 2011, CIPP became an annual event and at each of our meetings our sponsors will have direct access to this wide panel of the most prominent specialists and researchers in the field of Pediatric Pulmonology.

Please feel free to contact any of us directly if you have any questions regarding this important international meeting, or contact the CIPP XVI secretariat (details below)

Sincerely yours,

The CIPP Founding Fathers:

Dear Industry Partners

On behalf of the Executive Committee and the International Advisory Board of the International Congress of Pediatric Pulmonology (CIPP), it is a pleasure to invite you to participate in the forthcoming CIPP XVI Congress due to be held in Lisbon, Portugal, from June 23-26 2017. CIPP is the only international meeting devoted exclusively to paediatric pulmonology. Over the period of more than two decades, CIPP has acquired an excellent reputation among practicing paediatricians and clinical academics as the premiere forum for sharing the new information in all areas of paediatric pulmonology, and as a unique place for interactions between the clinical and academic communities. Adding to the series of highly successful congresses in the previous 22 years, the CIPP XV which was held in June 2016 in Naples, Italy, was attended by 500 doctors treating children with respiratory diseases from over 70 countries.

The CIPP faculty comprises leading specialists and researchers from all parts of the world, bound by the common purpose of improving the management of our young patients. Uniquely, the faculty includes strong participation from the low and middle income countries, offering a rare window of opportunity for the developed and developing world to learn from each other. In addition to the plenary sessions and topic symposia, CIPP offers a number of interactive sessions, including research presentations, clinical case discussions, chest imaging quiz, and bronchoscopy and lung function courses. Another unique aspect of the congress is a strong focus on the next generation of leaders, with a forum for Young Investigators to present their exciting work in unopposed sessions, and an Award program to promote attendance and active participation of junior researchers.

The program for CIPP XVI was finalised by the co-chairs of the Abstract and Award Committee (Dr. Renato Stein, Brazil and Dr Giovanni Rossi, Italy), and the CIPP Executive Committee. The areas which will be covered include the broad range of paediatric respiratory disorders, such as asthma and respiratory allergies, respiratory infections and their complications, neonatal lung diseases and their outcomes, cystic fibrosis, sleep disorders, critical care, rare lung diseases etc. The industry-sponsored symposia and exhibits will offer an opportunity for our industry partners to provide an update and any new information on existing treatments, as well as the novel therapies currently in the various stages of development.

The forthcoming CIPP XVI promises to be the most exciting CIPP congress to date, and will again attract large number of participants from the Americas, Europe, Middle East and Asia. We are inviting you to be a partner with CIPP in this exciting endeavour which will provide a unique forum for the exchange of information and ideas, and a vehicle for developing long lasting relationships.

Clinical professor of Paediatric Allergy
President, CIPP XVI
ABOUT THE MEETING

The 1st CIPP organized in Nice in 1994 at the initiative of Professors Alain Grimfeld (France) and Jean-Paul Praud (Canada QC) was an enormous success as a new platform that brought together Respiratory specialists and Pediatricians around the emerging specialty common to all concerned, Pediatric Pulmonology.

The organizers of the CIPP had achieved, for the first time, the challenging feat: that of creating a close working relationship between leading specialists in pediatric pulmonology from developed and developing countries around a number of common themes: Asthma and respiratory allergies, respiratory infections and tuberculosis, Cystic Fibrosis and Snoring.

Over the years, CIPP has acquired a reputable status among prestigious congresses in both Pulmonology and Pediatrics by focusing its attention specifically on the pediatric aspect of respiratory diseases, in keeping with the standards of large international meetings.

Twenty years later, CIPP XVI was a major international event where physicians treating children with chest diseases coming from 70 countries attended for the meeting in Naples, Italy.

We are continuing to build on this international co-operation; speakers will come from all parts of the world, ready to learn and to teach. The twin themes of the meeting will be: ‘What have I got to teach others practicing in a different environment from my own?’ and ‘What have I got to learn from others practicing in an environment different from my own?’ We will come together from the developed and the developing world to learn together for the common purpose of improving on the treatment of our young patients and thus to be better upon our return home.

For this 16th edition, which will take place in Lisbon, we are expecting once again a numerous attendees from all around the Globe.

The 16th CIPP has also endeavored to increase its educational activities

In addition to plenary sessions and topic symposiums, CIPP also offers:

- keynote lectures given by renowned leaders of Pediatric Pulmonology,
- Post-graduate Courses,
- interactive sessions both in conventional format and in Quiz and hands-on forms on the use of the newest and latest technology in bronchoscopy and respiratory imaging,
- interactive clinical case sessions
- satellite symposia sponsored by the Industry under the heading of a renewed partnership.

A prestigious platform offered to young investigators

The young investigator’s forum at the 16th CIPP will gain center place.

The Young Investigator Award will include 3 prizes to young investigators in Pediatric Pulmonology whose work has been selected by an international special jury.

These recipients will be offered the opportunity to present their research in a plenary session.

The remaining works submitted and selected for scientific merit, will be presented in Poster session for the duration of the congress.

The Top 3 Poster Prizes will award the three best posters selected by the same jury.

Three travel will be offered to young investigators from developing countries.

This broad opening to the world and especially the support of young investigators remains the hallmark of CIPP.

Climate

Lisbon is Portugal’s capital and largest city. It is located along Portugal’s Atlantic coast where the Tagus River flows into the sea. Lisbon has a warm Mediterranean climate with many bright and sunny days. The city’s climate is influenced by the warm Gulf Stream current that crosses the Atlantic from North America.

Regulations for Foreing Visitors to Lisbon (Portugal)

Entry into Portugal by foreign citizens who are nationals of third states is decided on based on the reason for their visit and the amount of time that they stay. For short stays, foreign citizens must meet the requirements of the Schengen rules. For long stays of more than three months, the requirements of Portuguese legislation in force must be met.

If you intend to visit Portugal for the purpose of tourism, and you are a national of a country subject to a visa requirement for entry into the Schengen area, you must request a Schengen visa prior to your trip from an embassy or consulate in the area where you live, or from the embassy of a Schengen country representing Portugal for this purpose.

Aside from tourism, the Schengen visa also allows entry to Portugal for foreign citizens travelling on business or for professional, family, scientific, cultural, sporting, political or religious reasons.
Currency
In Portugal, as in most of Western Europe, the official currency is the Euro (€). Money is best exchanged at bureaux de change and banks. There are also ATMs everywhere to withdraw cash, and in many shops and restaurants you can pay by card.

Liability and Insurance
The Meeting Secretariat and organizers cannot accept liability for personal accidents or loss or damage to private property of participants and accompanying persons, either during or indirectly arising from the CIPP XVI.

THE PASSPORT

This year we have updated our concept with the “CIPP Passport” intended to involve our sponsors exhibiting as close partners and not simply exhibitors.

The CIPP Passport is an opportunity to dynamise the participation of exhibitors and attendees and to increase the traffic within the exhibition, by involving both in a multiple choice question contest to test their knowledge of your products being marketed today.

How does it work?
Each participant will be given a CIPP passport containing 3 questions per exhibitor (questions are to be provided by the exhibitor) which they will have to answer correctly to obtain your approval stamped in the passport (see example below).
Winners will be awarded a prize on the occasion of the closing ceremony.
