Dear colleagues,

We are excited to officially welcome you to Toledo, Spain and the XVII International Congress of Pediatric Pulmonology (CIPP XVII). CIPP remains the only international meeting devoted exclusively to pediatric respiratory medicine. Over the period of more than two decades, CIPP has acquired excellent reputation among practicing pediatricians and clinical academics as the premiere forum for sharing the new information in all areas of pediatric pulmonology, and as a unique place for interactions between the clinical and academic communities.

The CIPP faculty comprises leading specialists and researchers from all parts of the world, bound by the common purpose of improving the management of our young patients. Uniquely, the faculty includes strong participation from the developing countries, offering a rare window of opportunity for the developed and developing world to learn from each other. In addition to the plenary sessions and topic symposia, CIPP offers a number of interactive sessions, including research presentations, clinical case discussions, chest imaging quiz, and a series of hands-on courses in areas of great interest to our public.

Another unique aspect of the congress is a strong focus on the next generation of leaders, with a forum for Young Investigators to present their exciting work in unopposed sessions, and an Award program to promote attendance and active participation of junior researchers. The meeting has been organized in such a way that it minimizes time away from the office or university while allowing you to earn continuing medical education (CME) credits. By attending three consecutive days you can earn up to 24 CME credits.

For the Toledo Congress, we have continued our long-established and successful practice of having clinical and translational science session tracks covering all aspects of respiratory diseases in childhood - look for the labels and key for various tracks inside the program. The program has been expertly finalized by Drs. Sejal Saglani and Giovanni Rossi (Scientific Program Committee Co-Chairs), with the invaluable input from the Central Organizing Committee and our International Advisory Board. The areas which will be covered include the broad range of pediatric respiratory disorders, such as asthma and respiratory allergies, respiratory infections and their complications, neonatal lung diseases and their outcomes, cystic fibrosis, sleep disorders, critical care, rare lung diseases etc. This year, we have included exciting post-graduate courses on pediatric sleep disorders, new techniques for lung function testing in children, and statistics for the respiratory pediatrician.

We hope you will enjoy your time in beautiful Toledo.

Renato T. MD PhD
President, CIPP XVII
Dear colleagues and friends,

It is our great pleasure to welcome you to Toledo and to the XVII International Congress of Pediatric Pulmonology (CIPP).

The “Imperial City” of Toledo is a unique historic city, perfectly suited to hold our unique CIPP, the only international congress fully devoted to pediatric respiratory medicine. Less than 100 km from Madrid-Barajas International Airport, Toledo has easy and convenient access by high speed train from Madrid. Visited by thousands of tourists each day, Toledo has a large and exquisite tourist industry offering a variety of hotels, restaurants, bars and mesones appropriate for every budget where your visit will be more than a pleasure.

The El Greco Congress Palace is located in the very heart of the Historic City of Toledo, a world heritage site since 1986, only a few steps from Arabic horseshoe-arched mosques, Sephardic synagogues and one of Spain’s finest Gothic cathedrals. In the middle ages, Toledo was known as the ‘City of the Three Cultures’, a place where – legend has it – Christian, Muslim and Jewish communities peacefully coexisted. There are even deeper layers: Toledo was the capital of the Visigothic kingdom and even before, an important Roman city built upon the previous Celtic tribe’s town. All those remains are crammed into its dense historical core and easily accessible from the Congress venue.

Impressive during the day, its beauty can be fully admired at sunset at Hermita del Valle, where you will enjoy a full view of the historic city. At night, Toledo reaches its highest value, taking you back to older times. Walking through its ancient streets, listening to your own steps, is a wonderful feeling not to be missed.

If you love art, the haunting canvases of El Greco, the influential, impossible-to-classify painter with whom the city is synonymous, are waiting for you at Santo Tome’s Church, The Cathedral and several other places.

History and art are not the only qualities that flourish in Toledo. Our National Spanish Health System, a universal tax-supported health system run by seventeen different regional authorities, provides health indicators which rank in the world’s top five with lower health expenditure than most industrialized countries, especially in pediatrics. Just ask, if you are interested.

As you can see, an outstanding scientific program mixed with a marvelous historic city is waiting for you in Toledo. We are looking forward to meeting you here in June 2018.

Thank you very much for coming.

Professor Antonio Martinez-Gimeno
President, CIPP XVII
Local Committee
THURSDAY JUNE 21, 2018

08:00 - 08:30 | EXHIBITION HALL
OPENING OF THE WELCOMING DESK
(ONLY FOR ATTENDEES OF THE PG COURSES)

08:30 - 17:00 | ROOM A
POST-GRADUATE COURSE ON BRONCHOSCOPY: DIAGNOSTIC & INTERVENTIONAL PART I

08:30 - 12:00 | ROOM B
POST-GRADUATE COURSE ON CLINICAL RADIOLOGY PART I

08:30 - 12:00 | ROOM C
POST-GRADUATE COURSE ON ESSENTIALS ON PEDIATRIC LONG-TERM NON-INVASIVE VENTILATION PART I

12:00 - 14:00 | EXHIBITION HALL
LUNCH BREAK

13:00 - 17:00 | EXHIBITION HALL

New York, USA

Juan Anton-Pacheco  
Madrid, Spain

1. Insertion of Different Types of Bronchoscopes and Different Entries (Nasal, Oral, ETT, LMA)
2. Handling and Driving from Various Positions / Differences of View in FBS and VBS
3. Using Accessories (Brush, Forceps, Baloon)
4. Bronchoscopic Intubation
5. Examples of Intervention

16:45:  
**Concluding Remarks and Closing of the Course**
THURSDAY JUNE 21, 2018

09:00 - 12:00 | ROOM B

POST-GRADUATE COURSE ON CLINICAL RADIOLOGY

8:30 - 9:00: Introduction and Short Interactive Quiz (Using the Conference App.)
Paul Guillerman Houston, USA & Thomas Semple London, UK

9:00 - 10:00: Foundations - Back to Basis
Thomas Semple London, UK & Paul Guillerman Houston, USA
1. Basics of Imaging Modalities (Mainly Chest Radiographs and CT)
2. Imaging Anatomy (CXR and CT)
3. Technical Aspects (Motion Reduction, Use of Sedation and GA etc...)

10:00 - 10:30: Coffee Break

10:30 - 11:30: Prematurity and Neonatal Lung Disease
Amir Kugelman Haifa, Israel & Thomas Semple London, UK
1. NICU Imaging (Including Tubes and Lines)
2. Complications (Pneumothorax, PIE etc...)
3. TTN, Meconium Aspiration, Old and New BPD (Appearance on CXR and CT)

11:30 - 12:30: Infection
Heather Zar Cape Town, South Africa
Andrew Colin Miami, USA & Paul Guillerman Houston, USA
1. Typical and Atypical Pathogens and Hosts.
2. Consolidations, Nodules, Cavitation, Effusions and Empyema. Particulars of MTB.
3. Atypical Hosts – Immunodeficiency (Congenital and Acquired), Cystic Fibrosis...

12:30 - 14:00: Lunch Break

14:00 - 15:00: Congenital Thoracic Malformations
Andrew Bush London, UK & Paul Guillerman Houston, USA
1. Sequestrations, CPAMs, Bronchial Atresia.
2. Role and Timing of Imaging
3. Ultrasound, Radiograhpic, CT and MRI Appearances.

15:00 - 16:00: Childhood ILD
Andrew Bush London, UK & Paul Guillerman Houston, USA
1. Revision of Secondary Pulmonary Lobular Anatomy and Application When Interpreting CTs of the ChILD Entities.
2. Radiographic and CT Appearances.
3. Role of Imaging within a Multidisciplinary Team Current Research (ChILDREN and ChILD-EU Initiatives)
16:00 - 16:30: Thoracic Applications of Ultrasound
Thomas Semple  London, UK
1. Pleural Disease, Extra-Pulmonary Assessment
   (Thyroid, Larynx, Thymus, Lymph Nodes, Diaphragm,
    Abdominal Features of Thoracic Disease).
2. Guidance of Interventional Procedures.
3. Pulmonary Parenchymal Assessment
   by Ultrasound and Its Limitations

16:30 - 17:00: Concluding Quiz
Paul Guillerman  Houston, USA
Thomas Semple  London, UK
Repeat of Opening Quiz, Concluding Remarks
and Quiz Prizes

POST-GRADUATE COURSE ESSENTIALS ON PEDIATRIC
LONG-TERM NON-INVASIVE VENTILATION

8:30 - 9:00: Welcome Course Coordinators
Renato Cutrera  Rome, Italy
Jean-Paul Praud  Sherbrooke, Canada

9:00 - 9:30: PLTNIV: Definition and Situation
Renato Cutrera  Rome, Italy

9:30 - 10:00: Ventilator Titration and Patient Monitoring
Jean-Paul Praud  Sherbrooke, Canada

10:00 - 10:30: Coffee Break

10:30 - 11:00: Management of Complex OSA in Children
Stijn Verhulst  Antwerp, Belgium[*]

11:00 - 11:30: PLTNIV in Neuromuscular Children
Carmen Luna-Paredes  Madrid, Spain[*]

11:30 - 12:00: PLTNIV in Pediatric Lung Diseases
Hui-Leng Tan  London, UK[*]

12:00 - 12:30: PLTNIV in central hypoventilation syndromes
   (CCHS and ROHHAD)
Marti Pons-Odena  Barcelona, Spain[*]

12:30 - 14:00: Lunch Break

14:00 - 15:00: Clinical Cases
Renato Cutrera, Hui-Leng Tan [*], Carmen Luna-Paredes[*],
Marti Pons-Odena, Styn Verhulst [*], Jean-Paul Praud

15:00 - 17:00: Practical Session with Clinical Cases,
   Ventilators and Masks
Carmen Luna-Paredes[*]

OPENING OF THE WELCOMING DESK
(ONLY FOR ATTENDEES OF THE PG COURSES)
OPENING CEREMONY

18:00-18:45  Keynote Lecture: How To Teach Medicine in the Present Times to Kids Who Are Online All the Time?
John Henderson  Bristol, UK

18:45-19:00  Welcoming Addresses
Renato Stein  Porto Alegre, Brazil
Antonio Martínez Gimeno  Toledo, Spain

19:00 - 21:00  Welcoming Cocktail
FRIDAY JUNE 22, 2018

▲ 08:30 - 10:00 | ROOM A

PLENARY SESSION

1. Year in Review: Pediatric Sleep Medicine
   Jean-Paul Praud Sherbrooke, Canada
2. What Sort of Asthma Do I Have?
   Andrew Bush London, UK
3. Young Investigator’s Oral Presentations (2)

▲ 10:00 - 10:30 | EXHIBITION HALL

COFFEE BREAK & EXHIBITION VISIT

▲ 10:30 - 12:00 | ROOM A

NON-INVASIVE MONITORING OF LUNG DISEASES

1. Digital Technology To Monitor Respiratory Diseases.
   Sarath Ranganathan Melbourne, Australia
2. Sputum: Infection and Inflammation.
   Louise Fleming London, UK
3. eNose and Breathomics for Infection and Inflammation.
   Michael Davis Richmond, USA

▲ 10:30 - 12:00 | ROOM B

CHRONIC SUPPURATIVE LUNG DISEASES

1. Diagnosis of Non-CF Bronchiectasis: Modern Imaging (CT/MRI)
   Thomas Semple London, UK
   Catherine Byrnes Auckland, New Zealand
3. Management and Prevention of Chronic Suppurative Lung Diseases and Bronchiolitis Obliterans
   Varinder Singh New Delhi, India

▲ 10:30 - 12:00 | ROOM C

RETOS DE LAS INFECCIONES DE VIAS RESPIRATORIAS BAJAS EN NUESTRO MEDIO

1. Merece la pena conocer qué virus se asocia a un episodio agudo de infección respiratoria de vías bajas en niños?
   La experiencia de Laganes.
   Maria Luz Garcia Garcia Leganes, Spain
2. Retos nuevos y antiguos en el tratamiento del derrme pleural paraneumónico en niños.
   Luis Moral Gil Alicante, Spain
3. Nuevos retos en el diagnóstico de mycobaterias tuberculosas y no tuberculosas en nuestro medio.
   David Gomez Pastrana Jerez de la Frontera, Spain
FRIDAY JUNE 22, 2018

12:00 - 14:00 | ROOM A
INDUSTRY SPONSORED SATELLITE SYMPOSIUM

14:00 - 15:30 | ROOM A
PLENARY SESSION

1. Pro/Con Debate: Big Data and Multiomics for Asthma Cure
   PRO: Big Data and Multiomics Will Find the Cure of Asthma.
   Adnan Custovic London, UK
   CON: Big Data and Multiomics Will not Be Helpful To Cure Asthma.
   Sejal Saglani London, UK

2. Young Investigator’s Oral Presentations (2)

15:30 - 16:00 | EXHIBITION HALL
COFFEE BREAK & EXHIBITION VISIT

16:00 - 17:30 | ROOM A
ARE ASTHMA GUIDELINES PREVENTING PROGRESS?

1. Pro/Con Debate:
   PRO: Importance of Implementing Asthma Guidelines.
   Jonathan Grigg London, UK
   CON: Asthma Guidelines Are Harmful to Asthma Care.
   Gary Wong Hong Kong, China

2. What Have We Learned from LMICs?
   Manuel Soto-Martinez San José, Costa Rica

16:00 - 17:30 | ROOM B
DIFFICULT CASES

Four Cases:
Presented by a junior (15 min)
Commented (7-8 min) by:
Seniors (Catherine Byrnes, Andrew Bush, Andrew Colin, Bruce Rubin, Antonio Moreno Galdo, Antonio Nieto Garcia) and by the Attendance
FRIDAY JUNE 22, 2018

16:00 - 17:30 | ROOM C
BIRTH COHORTS IN DIVERSE ENVIRONMENTS & CHILDHOOD LUNG HEALTH

1. The Drakenstein Birth Cohort.
   Heather Zar Cape Town, South Africa
2. Inner City Cohorts.
   John Henderson Bristol, UK
3. Urban vs Rural Cohorts.
   Peter Sly Brisbane, Australia

18:00 - 19:30 | ROOM A
INDUSTRY SPONSORED SATELLITE SYMPOSIUM

20:00 - 23:00 | TO BE ANNOUNCED LATER
IAB WORKING DINNER
### SATURDAY JUNE 23, 2018

#### 08:30 - 10:00 | ROOM A

**PLENARY SESSION**

1. **Bacterial and Viral Interaction in Respiratory Diseases.**
   - Peter Sly Brisbane, Australia
2. **Radiology and Virtual Bronchoscopy.**
   - Paul Guillerman Houston, USA
3. **Young Investigator’s Oral Presentations (2)**

#### 10:00 - 10:30 | EXHIBITION HALL

**COFFEE BREAK & EXHIBITION VISIT**

#### 10:30 - 12:00 | ROOM A

**ADVANCES IN THE NICU/PICU**

1. **Utility of High-flow Nasal Cannula Therapy.**
   - Amir Kugelman Haifa, Israel
2. **NIV in Developing Countries Is It Feasible?**
   - Varinder Singh New Delhi, India
3. **Advances in Non-invasive Respiratory Support in the ICU.**
   - Marti Pons Odena Barcelona, Spain

#### 10:30 - 12:00 | ROOM B

**ADVANCES IN CYSTIC FIBROSIS**

1. **Benefits and Risks of Early Diagnosis.**
   - Sarath Ranganathan Melbourne, Australia
2. **Can We Afford Novel Targeted Therapies?**
   - Eitan Kerem Jerusalem, Israel
3. **Role of Heart Rate Variability in CF.**
   - Larry Lands Montreal, Canada

#### 10:30 - 12:00 | ROOM C

**EL NIÑO CON PATOLOGIA RESPIRATORIA GRAVE**

1. **Asma grave en niños en Costa-Rica.**
   - Manuel Soto-Martinez San José, Costa Rica
2. **Abordaje clínico del lactante con enfermedad pulmooar intersticial o el ejercicio fisico en niños con enfermedades respiratorias graves.**
   - Carmen Luna-Paredes Madrid, Spain
3. **Presente y futuro del Transplante Pulmonar Pediatrico.**
   - Antonio Moreno-Galdo Barcelona, Spain
12:00 - 13:30 | ROOM A

INDUSTRY SPONSORED SATELLITE SYMPOSIUM

13:30 - 15:00 | POSTER AREA

INTERACTIVE POSTER SESSION

15:00 - 16:30 | ROOM A

PLENARY SESSION

1. Lung Function Trajectories from Childhood to Adulthood: Determinants an Intervention Strategies.
   Fernando Martinez Tucson, USA

2. Impact of Migration on Childhood Disease Manifestations.
   Michael Kabesch Regensburg, Germany

3. Young Investigator’s Oral Presentations (2)

15:30 - 16:00 | EXHIBITION HALL

COFFEE BREAK & EXHIBITION VISIT

15:00 - 16:30 | ROOM A

PLENARY SESSION

1. Which Lung Function Test Should I Use?
   Enrico Lombardi Florence, Italy

   Larry Lands Montreal, Canada

3. Exercise Induced Laryngeal Obstruction: An Assessment of Dysfunctional Breathing.
   Louise Fleming London, UK

13:30 - 15:00 | POSTER AREA

INTERACTIVE POSTER SESSION

17:00 - 18:30 | ROOM A

PULMONARY FUNCTION AND EXERCISE TESTING: WHO, WHAT, WHY AND WHEN?

1. Which Lung Function Test Should I Use?
   Enrico Lombardi Florence, Italy

   Larry Lands Montreal, Canada

3. Exercise Induced Laryngeal Obstruction: An Assessment of Dysfunctional Breathing.
   Louise Fleming London, UK

17:00 - 18:30 | ROOM B

ADVERSE ENVIRONMENTAL EXPOSURE AND CHILDHOOD LUNG HEALTH

   Jonathan Grigg London, UK

2. Household Air Pollution and Lung Health.
   Renato Stein Porto Alegre, Brazil
